

Smarter Risk Management

S	Specific Task-focused. No generic templates.
M	Monitored Seen on site, not filed away.
A	Achievable Controls people can actually use.
R	Relevant Written for the people doing the work.
T	Timely Done before work starts and kept current.
E	Empowered Stop work. Speak up. Fix issues early.
R	Robust Multiple layers. No gaps.

The SMARTER framework ensures risk management is practical, consultative, and actively implemented across all levels of the WHS Management System.
